## FIRM BRIEFS

### **GUNSTER OPENS OFFICE IN KEY LARGO**

Gunster has expanded its practice by adding a 10th office in the Florida Keys led by partner Timothy Thomes.

The office is located at the affluent Ocean Reef Club in Key Largo.

Thomes, the office's only full-time employee, will focus on business litigation, trust and estates and real estate law. Other attorneys will travel to the office to serve clients in the real estate and private wealth areas as needed.

Premier Title also will have a presence in the office as needed.

Gunster has expanded its practice areas over the past three years despite the economic downturn. In 2011, the firm established a Tampa office, expanded its Jacksonville practice and added six attorneys in Miami.

The firm has more than 165 attorneys and other offices in Palm Beach, Fort Lauderdale, Jacksonville, Tampa, Stuart, Vero Beach and Tallahassee. **(Deborah C. España)**
